

How to include any of our services as part of a contract? *

Incorporating our services into a contract is simple and hassle-free. With our services, you can set up the necessary features and forget about them, depending on the type of contract you have with your customer. You can pay for the services in advance, for example, on a yearly basis, and include the expense in the contract's invoice.

Upgrades are quick and easy with just one click, and you can use your preferred payment method. Additionally, our support team is always available to assist you via your preferred contact method. Our goal is to make your experience with us as smooth and stress-free as possible.

We also offer special billing features specifically designed for website contracts. You can choose to pay in advance or opt for a yearly payment plan instead of a monthly one. By doing so, you can rest assured that your client's website is in good hands, allowing you to focus on your other priorities.

Thank you for considering our services. We look forward to working with you and providing top-notch service for both you and your clients.
